The Campbell Program Bachelor of Health Sciences

The Bachelor of Health Science (BHS) provides the student with an excellent opportunity to meet the prerequisites for most medical degrees. This four-year program is designed for students who have earned an Associate of Health Science diploma from a community college or technical school, or its military equivalent.

Giving the student a proper selection of upper level electives, allows the student to prepare for the competitive admissions of graduate education in a variety of medical and clinical fields. The BHS degree blends technical credits with an academically sound program.

The Extended Campus Approach

Campbell University understands that adult learners seek a balance between education, career, family and military responsibilities. The average Extended Campus student will complete 24-30 semester hours per year while attending classes only two nights per week.

Classes are scheduled during the evenings, at lunch, and on Saturday. Weekday classes meet two nights per week with two class periods each night. Campbell's Office of Distance Education offers internet courses each term which provide adult learners additional flexibility in degree completion. Additionally, most campuses have Blended courses, which meet in the classroom one night per week and have an internet component.

Students normally enroll in two classes (six semester hours) during each of the five terms offered annually. This full time schedule qualifies students for financial aid and/or VA education entitlements.

Campbell University believes that no student should be denied a college education for financial reasons. Low tuition rates at the extended campuses reflect this progressive philosophy. All students should see the financial aid representative for qualifying programs.

For more information about our programs, contact an academic counselor at one of the following campuses:

About Campbell University

Founded in 1887, Campbell University is located in Buies Creek, North Carolina. The largest of the five Baptist colleges, Campbell is also the second largest private university in the state. The University is a member of the Servicemembers Opportunity College and participates fully in SOCAD, SOCMAR and SOCNAV, which guarantee the transferability of selected credits.

The Next Step

Arrange to meet with an Academic Counselor at the campus of your choice. Bring copies of transcripts from any previous institutions. Military members or veterans should also bring copies of their DD-214 and CCAF or AARTS/SMART transcripts. The Counselor will conduct an unofficial evaluation of transfer credits and make recommendations about appropriate courses for your first term at Campbell.

The Campbell Advantage

Most universities offer similar degrees, but Campbell's Extended Campuses offer strong, unique programs that:

- Prepare students for current job markets
- Meet the needs of working adults
- Allow you to earn a quality liberal arts education.

Campbell Extended Campus Education - the education you need, the education you want, the education for your life.

 Matriculated students will receive an official degree plan upon completion of their evaluation of transfer credits*

BACHELOR OF HEALTH SCIENCE (BHS)

CRITERIA FOR ACCEPTANCE INTO THE BHS PROGRAM (One of the following):

- (A) Students must possess an earned Associate in Applied or Health Science degree in a health care related area, from an accredited college or technical school. The degree must include a minimum of 21 semester hours in the core health science area. A maximum of 30 semester hours of technical core credit will be accepted towards the completion of the degree. Students will be permitted to transfer in a limited number of additional credits from other community college-level course work. Students with an AAS/AHS based primarily on military technical credit will be evaluated on a case-by-case basis.
- (B) Students who have graduated from a non-degree diploma program in an allied health discipline with a minimum of 21 semester hours in the major area and who also possess state or national certification or licensure may be considered on a case-by-case basis. A maximum of 30 semester hours of technical core credit will be accepted towards the completion of the degree. Students will be permitted to transfer in a limited number of additional credits from other community college-level course work. In addition, the student must possess the appropriate certification or licensure from the state or national board.
- (C) Students must complete a health care-related military training program that is the equivalent of (A) or (B) above. The service school(s) must include a minimum of 21 semester hours of technical core credit credits as recommended by the American Council on Education (ACE), and been awarded the Military Occupational Specialty (MOS for Army, Air Force Specialty Code [AFSC] for Air Force, Naval Enlisted Code [NEC] for Navy). A maximum of 30 semester hours of technical core credit will be accepted towards the completion of the degree. In addition, the student must be eligible for the appropriate certification or licensure from the state or national board.

OFFICIAL EVALUATION OF TRANSFER CREDIT: Official evaluations require the following:

- Completion of 6 semester hours in residence at Campbell University
- Receipt of all official transcripts of previous education and military training that have been **mailed** directly to your home campus from the other institution(s). These transcripts include:
 - High school or GED (all students).
 - All previous colleges attended.
 - Military: AARTS (Army), CCAF (Air Force), SMART (Navy/Marine), or DD-214 (Veterans).
 - CLEP/DANTES and DLPT scores if applicable.
- Student Agreements or Degree Plans are completed when all of the above requirements are met.

MISCELLANEOUS INFORMATION:

- **Transfer Credit:** Campbell University will accept a maximum of 64 semester hours in transfer from any combination of regionally accredited two-year colleges, ACE-recommended lower level military credit, and CLEP/DANTES. There is no limit on the number of semester hours accepted from ACE-recommended upper level military and/or CLEP/DANTES credit, or credit from an accredited four-year institution.
- **Residency Requirements:** Students must complete a minimum of 32 semester hours of Campbell University courses with 12 semester hours in upper level (300-400) courses.
- **Graduation Requirements:** All students earning BHS degrees must have a minimum of 128 semester hours and all degree requirements met in order to graduate. Students are required to have a GPA of 2.0 overall.
- **Waived Courses:** In the event a course is waived, the credit hours must be made up in electives.

STUDENTS SHOULD REVIEW PAGES 17-18 OF THE UNIVERSITY CATALOG FOR SPECIFIC INFORMATION ABOUT THE BACHELOR OF HEALTH SCIENCE DEGREE REQUIREMENTS

This curriculum is for illustrative purposes only. Matriculated students will receive an official degree plan upon completion of their evaluation of transfer credits.
